METHODOLOGIES: Test-driven development, Object oriented design, Agile development, Version control

ADOBE CS (SOME EXPERIENCE): Photoshop, Illustrator, InDesign

➤ Education

Dev Bootcamp Chicago

Web Development 2014

Completed a 19-week, intensive web development program covering Ruby, Rails, Javascript, SQL, HTML, CSS, Sinatra, TDD, Git, and pair-programming.

Hendrix College

B.A. English 2014

3.89 GPA

Relevant courses: Data Structures (Java), Computing Systems Organization (C, ARM assembly), Foundations of Computer Science (Python), Discrete Mathematics, Calculus

➤ Projects

ExitSlips

- Painlessly create, grade, and map short quizzes to Common Core standards. Data is automatically compiled as well as easily displayed and exported.
- Built in seven days with team of four at Dev Bootcamp Chicago
- Rails, Javascript

Judgy

- After uploading a profile photo and answering questions about themselves, users can judge or be judged about answers based only on the uploaded photo. What others think is displayed through graphs.
- PHP (Laravel), Javascript

Posy

- Users can anonymously post and comment on complimentary messages for local communities (colleges, etc.).
- React.js, Rails

Owe Me, Homie

- Tracks debits, credits, and balances between members of a group.
- Built in four days with team of four at Dev Bootcamp Chicago
- Rails, Javascript

Open Source Contributions

- `film_snob` (ruby gem): added module to easily and gracefully deprecate methods

➤ Employment

The Profile (Hendrix College newspaper)

Aug 2011 to May 2012, Aug 2013 to May 2014

Photo Editor

Conway, AR

Managed a staff of 3-5 photographers and designed/coordinated photo coverage for a student-run newspaper.

Arkansas Business Publishing Group

May 2014 to Aug 2014
